Practical and Stylish Design, Suitable for Everyday Use

Trusted Brand In Indian Cookware **Bravo**®

Kumar Distributors India has been in business since 1978 under the group brand ship of Lalaram Rollings. We are the leading manufacturer of aluminium circle and sheets which are widely used in cookware, surgical, auto industry, fancy /electrical street lights and luminaries for domestic and commercial purposes.

Our range of cookware and cookers is branded as Bravo. Today it has multiple manufacturing units, It is one of the emerging reliable brand in the field of pressure cooker market in PAN locks.

We have sold over 10 lac units of Bravo pressure cookers of various sizes and shapes. All Bravo pressure cookers have the safest design with an attractive look and nicely packed as per present market needs. Also, they are made with perfection in accordance with ISI norms. From February 1st,2021 the Government of India has made it mandatory to list all Pressure cookers manufactured and sold in India strictly comply with the Bureau Of Indian Standards, commonly known as ISI Marked. Hence additionally, all pressure cookers manufactured by us have certification of BIS and carry the our sanctioned ISI : 2347 CM/L-2618962 stamp mark too in style "BRAVO".

Each pressure cooker made by Bravo features an inside fitting lid, This design is inherently safer than conventional pressure cookers to open any Bravo cooker, you have to lower the lid slightly into the body of the cooker and that cannot be done until the steam pressure inside cooker falls to a safe level . Thus Bravo pressure cookers are pressured locked for safety similar like an aircraft door.

Kumar Distributors India is well known for superior quality and everlasting reliability. All products are made with thorough research and a careful selection of materials. Best manufacturing practices are followed with stringent quality control.

Each cooker is thoroughly tested to be leakproof along with a superior pressure regulating system, this ensures that Bravo cooks with less consumed energy and helps lower monthly gas expenses . Each pressure cooker comes individually packed in an attractive full-color carton. Cookbooks/instruction manuals come free with each unit . Quality products ensure long-lasting use, hence all Bravo pressure cookers come with the guarantee of seven years, which is the best in its range.

Our Mission

We aim to serve our customers with quality products along with durability, price competence in terms of present market valuations and customer care services after sales if needed. Any time customers don't feel burn a hole in their pocket. Make them assure to deliver the full value of the product purchased by them.

BRAVO's strong belief that " Happy Customers are the Biggest Brand Ambassadors " and thus help us to create new customers in the future.

Pleasing customers as well our dealers is our livelihood and our vocation It is the best way we have of fulfilling the expectations of stakeholders, employees, Distributors, dealers, vendors and other associates.

Our single-minded determination to please customers drive the kind of people we employ and promote the investments we make and the results we produce outfit.

Customer, as well as Dealer's satisfaction, is our sole motive to give the best services in the cookware industry.
